

### FRONT

2 Small Bistro Sets.  
All ordering to be completed via our app only, and food and drinks delivered via table service. A small barrier to be used to ensure the tables and chairs are kept within the set area.

### REAR

Reduce our current parking area into a customer outdoor terrace, with a reduced number of parking bays. This will be enclosed and table service will be operated with orders taken by our app ordering system.

Half of the tables will be strictly none smoking.
